

Young Farmers & Ranchers 2017 Discussion Meet Questions

1. American agriculture depends on a foreign-born labor force. How would you draft a national immigration policy?
2. How can we ensure that farmers and ranchers, not government agencies, are driving the management of natural resources?
3. How can we as farmers and ranchers maintain “ownership” of our intellectual and proprietary information? (Big data, unmanned aerial vehicles, unauthorized videos)
4. The nation’s tax policy has become increasingly complicated and cumbersome. What should a balanced and beneficial tax policy look like for agriculture?
5. Today’s food companies employ many tactics to gain a marketing edge. What is the purpose of food labels? How can Farm Bureau work to ensure that consumers understand the labels and have confidence in the safety and quality of their food?

*These questions will be discussed at the 2017 AFBF Annual Convention and the FUSION Conference.
